SUMMARY

Motivated and detail-oriented 2nd-year Doctor of Pharmacy (PharmD) candidate at Riphah International University, Lahore, with a solid academic foundation in pharmaceutical sciences, pharmacology, medicinal chemistry, and pharmaceuticals. Equipped with hands-on laboratory skills and a strong understanding of drug formulation, dosage forms, and pharmaceutical manufacturing principles. Passionate about contributing to the pharmaceutical industry through evidence-based knowledge, scientific curiosity, and a commitment to drug quality, safety, and efficacy. Seeking an opportunity to apply academic expertise and laboratory competencies in a dynamic pharmaceutical industry setting while continuing to grow as a future healthcare professional.

EXPERIENCE

Workshop Participant | ICONRIPS 2025 Riphah International University, Lahore

- Collaborated with PharmD students, academics, and industry representatives in team-based sessions, strengthening cross-functional communication, pharmaceutical research methodologies and professional networking skills.

Medical Health Camp Participant | Riphah International University, Lahore

- Attended and actively participated in a Medical Health Camp, gaining hands-on experience in patient interaction, basic health assessment, and real-world clinical exposure.

Campus Ambassador, Health Nexus

- Represented Riphah International University as Campus Ambassador for Health Nexus, actively promoting mental health awareness among students and facilitating sessions focused on children's attention and psychological well-being.

Lead Ambassador, MedSparkles

- Serving as Lead Ambassador for MedSparkles, an emerging digital platform offering webinars, online courses, and academic sessions tailored for medical and pharmacy students.
